

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

Respectfully submitted,

EDWARD A. HODGDON,  
FRANK G. SPURLING,  
JOHN C. CLEMENT,

Selectmen of the town of Mount Desert.

## Report of Auditor

---

I have examined the books of the Selectmen and find receipts on file for all orders drawn.

I have examined the books of the Treasurer and find vouchers on file for all moneys paid out and the ~~correct cash~~ balance on hand.

Respectfully submitted,  
W. C. DOANE CANDAGE,

---

## Report of Sealer of Weights and Measures

---

I have visited 28 places of business and have sealed weights and measures as follows:

50 Scales  
92 Weights  
2 Dry Measures  
6 Liquid Measures  
2 Yard Sticks  
9 Auto Pumps

Very respectfully,  
GEORGE E. TURNER.  
Sealer of Weights and Measures.

**MERRITT T. OBER,**  
Treasurer and Collector.

## Report of Superintendent of Schools

---

To the Superintending School Committee and Citizens of the Town of Mount Desert:

I herewith present to you my second annual report of the condition, progress and needs of the schools of Mount Desert for the year ending Feb. 1st, 1918.

In this report are included the reports of Principal James E. Carter of Gilman high school and Principal Norman D. Lothrop of Mt. Desert high school. I wish to call especial attention to these reports and the recommendations made.

TEACHERS—Resignations during the year were as follows: Prin. William Cushman, Julia Murphy, Mildred Sullivan from Gilman High; Prin. Carl Kelley and Edith Robinson from Mt. Desert High; Prin. Harold R. Varney and Prin. John Ranks, Northeast Harbor grades 7 and 8; Esther Goodell, Mrs. Jessie Farrar and Annie Brooks from the lower grades Northeast Harbor; Lennie Stanley, Somesville; Irene Fitzhenry, Beech Hill; Hattie Orcutt, Pretty Marsh. The following were elected to fill the vacancies: James F. Carter, a graduate of Presque Isle Normal School and Aurora College, to succeed Prin. Cushman; Miss Evelyn Manchester, a graduate of Bates College, to succeed Miss Murphy; Mr. Edward A. Wiggin, a graduate of New Hampshire State College, for the Manual Training who resigned at the end of the fall term to enlist and was succeeded by Mr. Percy A. Allen, a graduate of Gorham Normal School from the manual training course; Miss F. V. Griffith, a graduate of the Maine School of Commerce, to the Commercial Department; Mr. Norman D. Lothrop, a graduate of Wesleyan University, to succeed Prin. Kelley; Miss A. Ruth Trefethen, a graduate of Colby College, to succeed

Miss Robinson; Ina Jordan, a graduate of Farmington Norman School, Annie Brooks and Pearl Clay, graduates of Castine Normal School, lower grade Northeast Harbor; Mr. John S. Dane, a graduate of Skowhegan High School, with partial college course, grades 7 and 8 Northeast Harbor, Arnold Day, a graduate of Machias Normal School, Seal Harbor Grammar; Alice M. Rogers, a graduate of Castine Normal, Somesville Primary; John Carter, Beech Hill; Adelle Carter, Pretty Marsh.

**TEACHERS' SALARIES**—Salaries have been advanced in several cases to meet the increased cost of board and other expenses. A still further advance will be necessary if we are to retain trained and experienced teachers, especially in the case of the men teachers. as many desirable positions at good salaries will be vacant at the close of the present school year on account of so many who are enlisting.

**HIGH SCHOOL TRANSPORTATION**—On account of the large increase in the number of pupils to be transported and the difficulty of securing transportation teams for amounts which would come within the appropriation it was decided by the Committee to use the money in paying those attending according to mileage and days present. It was found that the appropriation would be sufficient to pay eight cents per mile one way for each day's attendance. On this basis a pupil living three miles from school draws \$.24 daily, four miles \$.32, five miles \$.40, etc. This is absolutely fair to all and seems the best solution of the problem. It makes the parents as well as the town responsible for getting their children to school. It is right that the Town helps the pupils living at a distance from the schools and I strongly recommend that the appropriation be continued.

#### **Course of Study for the High Schools**

##### **Freshman Year**

<b>Required</b> —English	5
Algebra	5
Ancient History	5
<b>Elective</b> —Latin	5

Physical and Commercial Geography	5
Manual Training	5
Domestic Science	5
Sophomore Year	
Required—English	5

**REPAIRS**—The High school building has been shingled and the main room kalsomined; the plastering in the boys' basement of the Grammar School building has been replaced and considerable painting and kalsomining done; six new chair desks have been put in the primary room at Otter Creek, and four at the Sound for the first grades; and the chimneys at the High School building and at Somesville have been retopped and other small repairs made on the different buildings.

**WAR SAVINGS STAMPS**—This is an especially good time to teach patriotism by encouraging our pupils to save their money to buy war savings stamps. In no other way will a child come to feel the same interest in his country as in knowing that he is contributing his part, though small, to its support in the present crisis. Not only this, but he will be surprised to see that the small amounts, which he has been accustomed to spend carelessly, will soon amount to a considerable sum and thus will acquire the habit of thrift. A large number of pupils are already buying the stamps and it is strongly urged that parents encourage them and others who have not already done so to save money for this purpose.

**RED CROSS WORK**—Nearly all the schools are doing some Red Cross work and several are organized as Junior Red Cross Societies. This work is in accordance with the suggestion of Pres. Wilson and the recommendation of our State Superintendent and it is, we believe, when properly carried on, a splendid thing for the schools to do.

**MUSIC AND DRAWING**—At the beginning of the fall term teachers competent to take charge of the music were engaged in the different parts of the town and the drawing has been under the direction of the regular teachers. While good results have been secured it is difficult to secure uniform

work throughout the town, such as can be secured by having the work under one supervisor.

**PRETTY MARSH SCHOOL**—This school has not maintained an average of eight and can be continued only by vote of the town. On account of the difficulty of transportation it would be advisable to have a vote authorizing the Committee to continue the school in case suitable arrangement cannot be made for taking the school to Somesville.

### RECOMMENDATIONS

**REPAIRS**—The heating system at Jordan Pond is unsatisfactory and should be replaced. There is also need of a different arrangement of the toilets.

The stove in the primary room at Otter Creek needs to be replaced. A jacketed heater should be installed in this room.

**Sound Building:** This building is in need of general repairs. The lighting is very poor, the floor is of soft wood and dusty, the walls and ceiling too dark, no provision for ventilation has been made and the heating is unsatisfactory.

**High School Building:** The High School is increasing rapidly in numbers and some provision for more room should be made.

**SECOND:** In order to be able to retain efficient teachers in our High Schools I recommend that the appropriation be increased at least \$200. I recommend also an increase in the appropriation for the Industrial Arts of \$100. The same appropriations as last year will be sufficient for the other accounts.

**THIRD:** Our High Schools are improving rapidly in efficiency as well as in numbers. I believe that in no way can the town by a like amount of money still further increase their efficiency than by the purchase of additional books for the libraries and of additional apparatus for the science department.

**FOURTH:** As the Industrial Arts courses have proven successful at Gilman High School, some provision should be made to extend this advantage to Mt. Desert High School.

and the grammar schools of this part of the town.

CONCLUSION: I wish to express my appreciation of the faithful efforts of the teachers who have co-operated with me to increase the efficiency of our schools, also of the hearty support of the Superintending School committee, and to thank all who in any way have aided our schools.

Respectfully submitted,

CHARLES L. CLEMENT.

### THE GILMAN HIGH SCHOOL

Gilman High School began the school year with a registration of sixty nine (69) which necessitated the reseating of the assembly room. The enrollment has been kept up to sixty-seven(67) which is eight (8) greater than the seating capacity of the school should be. For the beginning of the next school year an enrollment of better than eighty is guaranteed. This shows that the greatest need of Gilman High School is an addition to its school building.

This year the school is offering five courses: The Classical, which prepares for college; general, commercial, domestic science and manual arts, for pupils who do not expect to further their education in higher institutions.

Much interest is being shown in the Manual Arts course, and some excellent work is being done. There are twenty-one (21) boys enrolled in Manual training classes. This year for the first time Gilman high school will draw \$400 of state aid on this course.

Under Miss Kidder's supervision the Domestic Science department is steadily growing and increasing in popularity among the girls.

Beginning with the coming school year the courses of study offered by Gilman High School will be considerably strengthened. The object is to better prepare the pupil for college and for the larger duties of life. The following schedule will become effective:

Classical Course	
First Year	
English I.....	5
Latin I.....	5
Ancient History .....	5
Algebra.....	5
Second Year	
English II.....	5
Latin II.....	5
French I.....	5
Geometry.....	5

## Third Year

English III.....	5
Latin III.....	5
French II.....	5
Elect one—Physics.....	5
Chemistry.....	5
Modern & Medieval History.....	5

## Fourth Year

English IV.....	5
Latin IV.....	5
Advanced Algebra and Solid Gemometry.....	5
Elect one—Am. History and Civics.....	5
French III.....	5

## Commercial Course

## First Year

English I.....	5
Ancient History.....	5
Physical Geography and Commercial Geography.....	5
Commercial Arithmetic.....	5
Penmanship.....	2

## Second Year

English II.....	5
Commercial Law & Economics.....	5
Bookkeeping I.....	2 1-2
Penmanship.....	2
Elect one—French I.....	5
Algebra.....	5

## Third Year

English III.....	5
Bookkeeping II.....	5
Typewriting I.....	5
Shorthand.....	5
Elect one—French II.....	5
Geometry.....	5

## Fourth Year

Those desiring the Industrial Arts Course will substitute for Latin in the College Course, Manual Training, 5, or Domestic Science, 5, throughout the four years.

Those desiring the English-Scientific Course will substitute for Latin in the College Course, Physical and Commercial Geography 5 in the first year and Commercial Law and Economics 5 in the second year, and take an elective in the third and fourth years in place of Latin.

A subject taken for a year of five periods weekly for a full year counts 5 points toward graduation. A total number of 75 points is necessary for graduation in all courses.

**REPORT OF THE PRINCIPAL OF MOUNT DESERT  
HIGH SCHOOL.**

February 11, 1918.

**MR. L. C. CLEMENT, Superintendent of Schools:**

I have the honor of submit herewith my first annual report as principal of Mount Desert High School.

The present school year opened September seventeenth with twenty pupils enrolled. This number was increased five weeks later by the return of four Junior Volunteers, who had been helping to gather the harvests of Northern Maine, to twenty-four, the largest enrollment in the history of the school. Enrollment by classes was as follows: Seniors 2, Juniors 7, Sophomores 6, Freshmen 9. The average daily attendance for the fall term was 21.61 or 90 per cent. If the absence of Junior Volunteers the first part of the term be not counted, this rate is raised to 96 per cent, which is a very fair

rate, especially when distance and conditions of travelling are considered. Miss Edith B. Innes, Hall Quarry, of the Freshman class deserves special mention for holding the record of having been neither tardy nor absent during any session of the fall term. The enrollment for the present term shows a decrease of two, one in the Junior and one in the Sophomore class.

The school is being conducted as Class A this year for the first time. The subjects taught have followed the regular prescribed courses. One or two minor changes in subjects offered are contemplated for next year with the purpose of increasing the efficiency of the school and giving better preparation to those students who wish to enter college. Two courses are now open to pupils here; the chief difference between them is that some commercial subjects or science may be substituted for Latin.

Some important additions and improvements in building and equipment have been made this year. A new book-case and storage closet has been built in one side of the main room, which will house our present and prospective libraries. Chemistry apparatus sufficient for the successful completion of an approved course has been purchased and partly delivered. Delivery of the remainder is temporarily held up in the general transportation congestion. A library which was loaned by the State Library Commission has proved valuable in our work.

The social activities of the students have been limited the past half year. The students and their friends have held occasional Friday night socials in which the object sought and realized was a social good time. The Junior Class formed the caste for a play which was given at the Masonic Hall on Friday evening, December fourteenth. The excellent work of the committee and the untiring efforts and earnest co-operation of those who took part combined to make the affair a complete success. Mid-week activities are discouraged for obvious reasons. The Somes League is a live student organization with the object of school improvement. It has been the beneficiary of all profits from social activities.

I would urge that constant co-operation between the parents and teachers is essential to the accomplishment of the best results in the school. We would gladly welcome the parents to the school as visitors and anything that can be done to bring them will mean better service to the boys and girls and to the community. A practical suggestion would be the co-operation of parents in securing punctual attendance upon every session of the school as far as possible. The present state of war has aroused us to see, more than ever before, that time has immeasurable value, and this is especially true in the education of our youth. While the pupils are doing a fair grade of work and there are comparatively few failures, we are earnestly asking for the more active co-operation of the parents and citizens to aid in reducing the number of failures to a minimum and at the same time raising the school to the highest intellectual and moral standard.

In conclusion I wish to express my gratitude for the helpful spirit shown on the part of the parents and citizens whom it has been my good fortune to meet, for the unfailing courtesy and support of the members of the School Committee and for the kindly advice and constant co-operation of the Superintendent of Schools. Finally, I wish to express my sincere appreciation for the conscientious untiring work of my assistant, Miss A. Ruth Trefethen, to whom a large share of credit for the success of the school is due.

Respectfully submitted,  
NORMAN D. LOTHROP,  
Principal.

**HONOR LIST OF PUPILS NOT ABSENT OR TARDY**

Gilman High School—G. M. Jordan, A. Small dge, C. E. Stanley, A. W. Branscom, I. V. Miles, A. P. Ober, J. E. Peckham, Merritt T. Ober, Jr., Clarice Hall, Elizabeth Manchester, Burnham Stanley, Alice Graves, Vera Brooks, Merrill Haskell, John Jordan, Leola Wagner, Helen Mc-caughton, Alice Higgins, Bernice Graves.

Mt. Desert High School— Eleanor Fernald, Aurora Gonzales, Evelyn Reed, Edith Innes.

Northeast Harbor Grades—Alma Herrick Burnham Stanley, Donald McEachern, Elizabeth Manchester, Lillian Iveney, Carlton Haynes, Eric Fennelly, Katherine Seavey, 2, Emma Holland, 2, Margery Seavey, Marguerite Swan, Percy Coombs, Asa Knowles, Helen Seavey, Horace Bucklin, Burton Seavey, Ruth Seavey.

Seal Harbor—Yale Pierce, 2, Francis Otto, 2, Edwin Atwood, 2, Eva Wood, Meda Billings, Chester Grindie, Francis Jordan, David Campbell, Carroll Higgins, Carroll Wood, Constance Brooks, Helen Bagley, Earl Carter, Francis Atwood, Almeda Carter, Ada Varnum, Rita Carter, Louise McIntire, Orrin Donnell, Roger Hamor.

Jordan Pond—Mildred Conners, Henry Otto.

Otter Creek—Otilda Walls, Kenneth Tripp, Dorothy Sweeney, 2, Wallace Richardson, Ida Warren, Maurice Smith, Milton Davis.

Sound—Harvard Tinker, Rudolph Higgins, 2, Pauline Higgins, 2, Jared Reed, 2, John Reed, 2, Clark Manring, Frank Manring, Elmer Reed, Glenn Manring, Doris Meader, Helen Grindle.

Somesville—Dorothy Bracy, Forrest Brown, Lewis Leland, Gladys Reade, Lewis Reade, George Bracy, Flora Benson, Mabel Benson, Edith Benson, John Fernald, Lena Morris.

Hall Quarry—Kenneth Grant, Edith Innes, Basil Mills, Marcia Robinson.

Beech Hill—Harold Brown, Norris Lunt.

Pretty Marsh—Mary Carter.

Figure 2 indicates thzt the honor has been won for the two terms.
